About Your Hope College Communication Honor Society

First Semester is Halfway Done: Join Comm Club!

Congratulations for finishing midterms and successfully making it halfway through the semester! As the saying goes: it's smooth sailing from here. Whether that be completing general education requirements or credits towards your major.

For those who already are or are interested in a communication major/minor, there is still time to declare and get involved in Comm Club!

The Hope College chapter of Lambda Pi Eta created Comm Club this year as a way to bring comm majors and minors together to promote student engagement, professional development, community involvement, and research opportunities. If you are interested in Comm Club or just want to know what a comm major/minor can offer, come to our monthly meetings from 11 am to 12 pm at Martha Miller room 158.
